Photo Restoration

We offer expert Photo Retouching services so that your old photos will have new life and longevity. From color-correcting faded photos to digitally repairing tears and scratches, our trained Photo Retouching and Restoration specialists are here to help.

Pricing is determined by the amount of time required to complete the project. As all Photo Restorations are different and require different amounts of time to perfect, we ask that you bring in your photo so that we can give you an accurate quote.

We can either print your retouched image on one of our Professional Kodak Papers and/or burn it to a Disc so you can print reprints or enlargements later.

Want someone taken out or added to a photo? We can do that too!
