

### Double-Sided Die-Cut Wallets

Double-Sided Die-Cut Wallet prints are press-printed wallets with rounded corners and are printed double-sided. Automatic Quantity Discounts are available, you can choose between **Gloss, Linen** or **Pearl** paper, and *each set of 48* comes in a black wallet box.

In order to get the rounded corners, you lose about 1/8" all the way around the image when the wallets are cut. It's really important to keep important elements in the photo away from the edges.

Product	Paper Type	1	2 to 3	4 to 9	10 to 19	20 to 39	40 to 79	80 to 159
